Turtle Beach Corporation

Business Overview

We are the global leader in gaming headsets and have been an innovator in premier audio technology for over 40 years. The Turtle Beach® brand is highly regarded among the over 700 million gamers in North America and Europe where we have a leading market share in gaming headsets for Xbox and PlayStation® consoles. In addition to our gaming headset business, we acquired and developed an innovative and patent-protected sound technology that delivers immersive, directional audio called HyperSound®.

Headset Business

We launched our first gaming headset in 2005 and have grown to be the leading brand in console gaming headsets. We design and market premium audio peripherals for both Xbox and PlayStation® game consoles, as well as for PC, Mac® and mobile/tablet devices. Additionally, we are an officially-licensed partner of Microsoft, delivering innovative and groundbreaking first-to-market products for their latest family of consoles including the latest Xbox One X. Turtle Beach headsets are distributed internationally across North America, South America, Europe, the Middle East, Africa, Australia, and Asia, and are sold at thousands of storefronts, including major retailers such as Amazon, Argos, Best Buy, Game, GameStop, EB Games, Target, and Walmart.

We offer a variety of headsets, spanning multiple retail price points ranging from \$20 to \$300, with offerings compatible across all major gaming platforms. Our price tiers correspond to customer profiles, beginning with “Entry-Level” gamers and progressing through “Casual,” “Enthusiast,” “Core,” and professional gamers including eSports players and fans. Each successive price tier incorporates a higher level of finish, features and technology, progressing from passive mono to amplified stereo, surround sound, and programmable surround sound. Premium headsets have padded leather headbands, accent stitching, and noise-isolating memory foam ear cups. Other features found in select premium headset models include removable microphones, breakaway cables and “charge-and-play” batteries that allow gamers to continue playing even as they recharge their batteries. As gaming consoles have evolved from dedicated video game platforms to home entertainment hubs, and as mobile and tablet devices have become mainstay platforms for entertainment, we have continued to evolve our headsets to reflect how content is consumed.

Each Turtle Beach headset is designed for a “primary” platform, such as a specific console or for the personal computer platform, though many can be used with multiple platforms, and most are compatible with mobile/tablet devices via a standard 3.5mm jack and Bluetooth® connectivity. A primary platform designation paired with our unique, platform-specific packaging designs often result in our products being assorted in multiple sections in-store by retailers, increasing the prominence of the Turtle Beach brand and its products in physical retail locations and online catalogs.

In 2017, we were the leading console gaming headset manufacturer in North America with a 42.1% dollar share of the market, as noted by the December 2017 sales tracking data from The NPD Group, Inc, holding six of the top ten selling Xbox One models and four of the top ten selling PlayStation® 4 models by revenue. Market share in the United Kingdom was 51.8% in 2017 as reported by the GFK Group. We have achieved these high global market shares by delivering high quality products that often include first-to-market innovations and robust features, in addition to superior sound and unmatched comfort - all key factors gamers look for when shopping for a gaming headset.

HyperSound Business

HyperSound technology is a pioneering audio solution that projects sound in a highly directional manner. HyperSound directs a beam of audio to targeted listeners in a specific spot, delivering an immersive, 3D-like audio experience as well as benefits for people with hearing loss. We have also developed and patented the capability to create directed audio from a transparent “speaker” using a set of layered materials on glass. The technology has applications in multiple verticals including retail displays where isolated audio is desired, personal or business audio where a directed beam of audio offers privacy benefits, and living room audio solutions for people with hearing loss.

Our business model for HyperSound has evolved into a licensing strategy, focusing on out licenses to companies in the retail aspect for more precise marketing. In October 2017, we signed a licensing contract with Waves Systems to incorporate HyperSound technology for customer contact points such as retail point of sales, kiosks, digital signage, wayfinding, museum exhibits, meeting halls and more.

Summary of Exchange Agreement and Private Placement

On April 23, 2018, we entered into (i) an Exchange Agreement (the “Exchange Agreement”) with certain funds affiliated with AWM Investment Company, Inc. (the “Special Situations Funds”) and 180 Degree Capital Corp. (“180 Capital”) and (ii) a Settlement Agreement (the “Settlement Agreement”) with Dr. John Bonanno (“Dr. Bonanno”), a former holder of Series B Preferred Stock of VTBH (the “Series B Preferred Stock”). The transactions contemplated by the Exchange Agreement, the Settlement Agreement and the Sale Agreement (as defined below) shall be referred to herein as the “Private Placement.”

Pursuant to the Exchange Agreement, and in connection with the transactions contemplated by the Settlement Agreement and the Sale Agreement, the Company agreed to exchange the Series B Preferred Stock held by the Special Situations Funds and 180 Capital for (i) an aggregate of 1,307,143 shares of Common Stock and (ii) Warrants exercisable for an aggregate of 550,000 shares of Common Stock. The Exchange Agreement also includes the other terms and conditions of the exchange, as well as representations and warranties, covenants and conditions customary in agreements of this type.

Pursuant to the Settlement Agreement, Special Situations Funds and 180 Capital agreed to purchase the Series B Preferred Stock pursuant to a privately negotiated purchase and sale agreement with Dr. Bonanno (the “Sale Agreement”) and the Company agreed to waive its right of first refusal with respect to the Series B Preferred Stock in connection with the Sale Agreement. In addition, pursuant to the Settlement Agreement, Dr. Bonanno agreed to discontinue certain previously disclosed claims and actions against the Company related to the Series B Preferred Stock, as well as to provide a release of the Company with respect to all such claims and any other claims related to Dr. Bonanno’s ownership or disposition of the Series B Preferred Stock. In connection with and as consideration thereof, the Company agreed to pay Dr. Bonanno a cash sum of \$950,000 for attorneys’ fees and to settle non-redemption claims in connection with the matter, and to pay an additional \$1,250,000 if a change of control transaction meeting certain specified requirements is consummated within three years of the date of the Settlement Agreement.

The transactions contemplated by the Exchange Agreement and Settlement Agreement closed on April 26, 2018. Accordingly, all exchanged shares of Series B Preferred Stock have been retired and no shares of Series B Preferred Stock remain outstanding. As of March 31, 2018, the redemption value of the Series B Preferred Stock was approximately \$19.3 million.

On April 23, 2018, in connection with the Exchange Agreement, we entered into a Registration Rights Agreement (the "Registration Rights Agreement") with the Special Situations Funds and 180 Capital pursuant to which, among other things, we agreed to register the shares of Common Stock issued or issuable in the Private Placement (the "Registrable Securities") for sale or other disposition by the Selling Stockholders. Pursuant to the Registration Rights Agreement, we agreed to file a registration statement (the "Registration Statement") with the Commission for resale or other disposition of the Registrable Securities within 30 days following the close of the Offering and to use our commercially reasonable efforts to cause the Registration Statement to be declared effective as soon as practicable after the filing thereof. This Registration Statement satisfies our obligation to file a Registration Statement.

In the event that, among other things, this Registration Statement (i) is not declared effective by the earlier of (A) five business days after the Commission informs us that no review of the Registration Statement will be made or that the Commission has no further comments on the Registration Statement and (B) 90 days following the close of the Private Placement, or (iii) after the effective date of the Registration Statement sales cannot be made thereunder (other than certain allowed delays), we have agreed to make payments to the holders of the Registrable Securities as liquidated damages in an amount equal to 1.5% of the aggregate amount invested by each such holder per 30-day period the Registration Statement has not been declared effective. In addition, we have agreed to keep the Registration Statement continuously effective (subject to certain allowed delays) until the earlier of (i) the date on which all Registrable Securities covered by such Registration Statement as amended from time to time, have been sold or otherwise disposed of pursuant to the Registration Statement or in a transaction in which the transferee receives freely tradable shares, and (ii) the date on which the Registrable Securities no longer constitute "Registrable Securities."

Warrants Issued in the Private Placement

As of May 22, 2018, there were 550,000 Warrants issued and outstanding. The Warrants are pre-funded, immediately exercisable and subject to customary anti-dilution adjustments. The Warrants do not expire prior to exercise, and no additional consideration is payable for the exercise of the Warrants. The Warrants are subject to a provision prohibiting the exercise of such Warrants to the extent that, after giving effect to such exercise, the holder of such Warrant (together with the holders' affiliates, and any other persons acting as a group together with the holder or any of the holders' affiliates), would beneficially own in excess of 9.99% of the outstanding Common Stock.

These assumptions could prove inaccurate. Forward-looking statements also involve known and unknown risks and uncertainties, which could cause actual results to differ materially from those contained in any forward-looking statement. In addition, even if our actual results are consistent with the forward-looking statements contained in this prospectus, any applicable prospectus supplement and the documents incorporated by reference herein and therein, those results may not be indicative of results or developments in subsequent periods. Many of these factors are beyond our ability to control or predict. Such factors include, but are not limited to, the following:

- The availability of capital under our revolving credit facility and term loan;

Except as required by applicable law, including the securities laws of the United States and the rules and regulations of the Commission we undertake no obligation to publicly update or revise any forward-looking statements after we file this prospectus or any prospectus supplement, whether as a result of any new information, future events or otherwise. Investors, potential investors and other readers are urged to consider the above-mentioned factors carefully in evaluating the forward-looking statements and are cautioned not to place undue reliance on such forward-looking statements. Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results or performance.

USE OF PROCEEDS

We will receive no proceeds from the sale of the Common Stock by the Selling Stockholders or any exercise of the Warrants.

We will pay all expenses associated with effecting the registration of the shares covered hereby, including filing and printing fees, our counsel and accounting fees and expenses, costs associated with clearing the shares for sale under applicable state securities laws, listing fees, fees and expenses of one counsel to the Selling Stockholders up to an aggregate of \$10,000 and the Selling Stockholders' other reasonable out-of-pocket expenses in connection with the registration, but excluding discounts, commissions, fees of underwriters, selling brokers, dealer managers or similar securities industry professionals with respect to the shares being sold.

SELLING STOCKHOLDERS

This prospectus relates to the resale or other disposition from time to time by the Selling Stockholders identified herein (including their donees, pledgees, transferees or other successors-in-interest) of, subject to adjustment, 1,857,143 shares of Common Stock. Of these shares, (a) 1,307,143 shares are issued and outstanding and (b) 550,000 shares are issuable upon the exercise of the Warrants. In connection with the Private Placement, we entered into the Registration Rights Agreement with the Special Situations Funds and 180 Capital. We are filing this prospectus pursuant to our obligations to register the shares of Common Stock on behalf of the Selling Stockholders under the Registration Rights Agreement. All expenses incurred with the registration of the Common Stock owned by the Selling Stockholders will be borne by us. This prospectus will not cover subsequent sales of Common Stock purchased from a Selling Stockholder named in this prospectus.

We cannot predict when or whether any of the Selling Stockholders will sell their Common Stock or exercise their Warrants and even if they do, we do not know how long the Selling Stockholders will hold the shares acquired upon exercise, as applicable, before selling them, and we currently have no agreements, arrangements or understandings with the Selling Stockholders regarding the sale or other disposition of any of the shares. The shares covered hereby may be sold or otherwise disposed of from time to time by the Selling Stockholders.

Furthermore, we do not know when or in what amounts the Selling Stockholders may sell or otherwise dispose of the shares covered hereby. The Selling Stockholders might not sell any or all of the shares covered by this prospectus or may sell or dispose of some or all of the shares other than pursuant to this prospectus. Because the Selling Stockholders may not sell or otherwise dispose of some or all of the shares covered by this prospectus and because there are currently no agreements, arrangements or understandings with respect to the sale or other disposition of any of the shares, we cannot estimate the number of the shares that will be held by the Selling Stockholders after completion of the offering. For purposes of the table below, we have assumed that the Selling Stockholders will have sold all of the shares covered by this prospectus upon completion of the applicable offering.

The table below presents information regarding the Selling Stockholders and the shares of our Common Stock that they may sell or otherwise dispose of from time to time under this prospectus. The percentage of beneficial ownership is based upon 13,654,150 shares of Common Stock issued and outstanding as of May 22, 2018. Beneficial ownership is determined under Section 13(d) of the Exchange Act and generally includes voting or investment power with respect to securities and includes any securities that grant the Selling Stockholders the right to acquire Common Stock within 60 days of May 22, 2018, except that, for purposes of the table below, we have not given effect to the beneficial ownership limitation in the Warrants. Information in the table below is based on information provided by or on behalf of the Selling Stockholders. Since the date on which they provided us with the information below, the Selling Stockholders may have sold, transferred or otherwise disposed of some or all of the shares in transactions exempt from the registration requirements of the Securities Act.

These dispositions may be at fixed prices, at prevailing market prices at the time of sale, at prices related to the prevailing market price, at varying prices determined at the time of sale, or at negotiated prices.

The Selling Stockholders may use any one or more of the following methods when disposing of shares or interests therein:

The Selling Stockholders may, from time to time, pledge or grant a security interest in some or all of the shares of Common Stock owned by them and, if they default in the performance of their secured obligations, the pledgees or secured parties may offer and sell the shares of Common Stock, from time to time, under this prospectus, or under an amendment to this prospectus under Rule 424(b)(3) or other applicable provision of the Securities Act amending the list of Selling Stockholders to include the pledgee, transferee or other successors in interest as Selling Stockholders under this prospectus. The Selling Stockholders may also sell shares of our Common Stock short and deliver these securities to close out their short positions, or loan or pledge the Common Stock to broker-dealers that in turn may sell these securities. Each of the Selling Stockholders reserves the right to accept and, together with their agents from time to time, to reject, in whole or in part, any proposed purchase of Common Stock to be made directly or through agents. We will not receive any of the proceeds from this offering.

The Selling Stockholders also may resell all or a portion of the shares in open market transactions in reliance upon Rule 144 under the Securities Act provided that they meet the criteria and conform to the requirements of that rule.
